Collection of data for the calculation of the 2019 ex-ante contributions to the Single Resolution Fund (SRF)

Dear Sir/Madam,

In accordance with Regulation (EU) No 806/2014 of the European Parliament and the Council, the Single Resolution Board (SRB) calculates the ex-ante contributions to the Single Resolution Fund (SRF) on an annual basis. In order to perform this calculation, every institution within the scope of the SRF is required to submit data. After consulting National Competent Authorities, it has been determined that with respect to the 2019 contribution period, your institution falls within the scope of the SRF.

Your institution is kindly requested to submit data using the 2019 SRF Reporting Form. To ensure a harmonised application of the relevant legal provisions, the SRB has adopted uniform data definitions, formats and instructions. These definitions, formats and instructions are reflected in the 2019 SRF Reporting Form, which differs slightly from the form used during the previous contribution periods.

The SRB will perform the calculation on the basis of Council Implementing Regulation (EU) 2015/81 and Commission Delegated Regulation (EU) 2015/63. The latter also specifies how the SRB should act in case an institution fails to submit the requested data on time.

For the purpose of the calculation of the 2019 ex-ante contributions, data should be submitted to your National Resolution Authority (NRA), which will forward it to the SRB. During the data submission process, the NRA will also serve as the first point of contact in case of questions or need for further clarification.

For general information on the SRF and ex-ante contributions, you are kindly invited to consult the SRB's website (<http://srb.europa.eu/>).

Yours faithfully,

Timo LÖYTTYNIEMI
Vice-Chair
