- Public limited (spa) banks
- ▣ Cooperative (popolari) banks
- Mutual banks (BCCs)
- Italian subsidiaries of foreign banks

(1) For further details on the classification of banks by size and institutional category see the 'Reporting entity' entry in the glossary provided in *Banks and Financial Institutions: Branch Network*, Bank of Italy, Statistics, [Methods and Sources: Methodological Notes](#), 31 March 2017.

Figure 3

Number of bank branches by region
(data as at 31 December 2016)

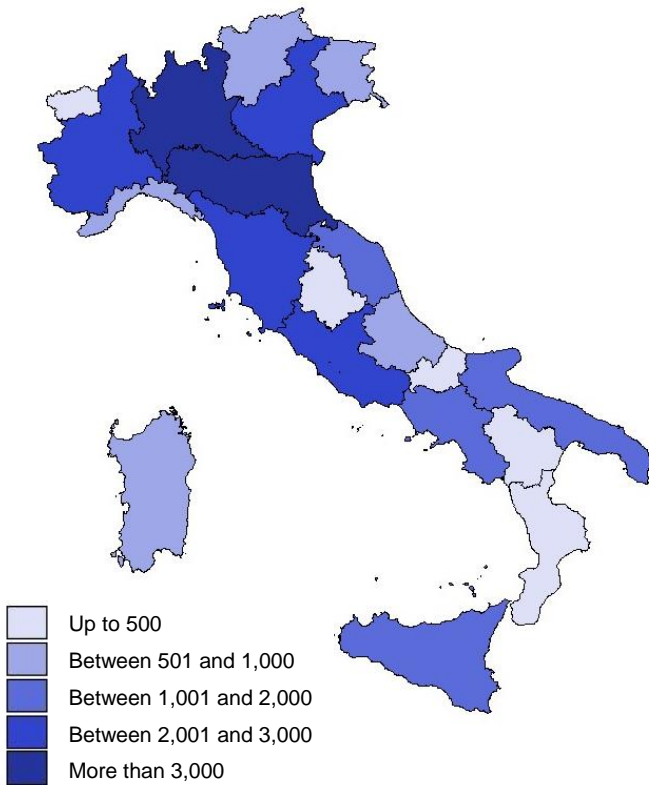

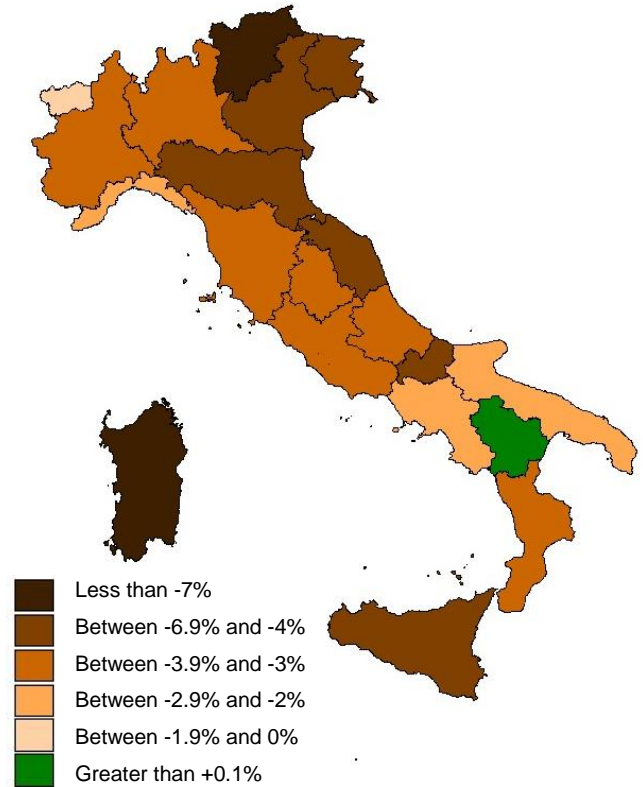

Figure 4

Trend of bank branches by region between 2015 and 2016
(percentage change; data as at 31 December of each year)

The geographical distribution of bank branches in Italy at the end of 2016 shows a major presence in the North representing more than 58 per cent of the national total (30 per cent in Lombardy and Emilia-Romagna). The number of branches located in the South and Island accounts for 21 per cent of the national total.

In 2016 the number of bank branches active in Italy decreased from 30,259 at end-2015 to 29,027 at end-2016, 1,232 fewer branches overall (- 4.1 per cent). The reduction affected almost all the regions and was particularly marked in Trentino-Alto Adige and Sardinia. The only exception was Basilicata where the number of bank branches increased, albeit very slightly.

Notice to Users

The *Banks and Financial Institutions: Branch Network* report is the first of the three new stand-alone specialized publications into which the current 'Statistical Bulletin – Structure and Operations of Banks and Other Financial Intermediaries' report will be gradually split over the course of 2017. The new report will be yearly and contain data on the geographical distribution of the banking and financial system.

Compared with its predecessor, the new publication features additional tables and more information on bank branches.

The report comprises ten tables, presenting information that was in part already included in the tables in 'Section A - Structural Information' of the Statistical Bulletin.

A more detailed description of the content of the report and of the sources used is provided in *Banks and Financial Institutions: Branch Network*, Bank of Italy, Statistics, [Methods and Sources: Methodological Notes](#), 31 March 2017.

- Tables TDB20207 and TDB20212, which are updated yearly, replace their quarterly equivalents TDB10207 and TDB10212, previously included in the Statistical Bulletin. Table TDB20212 is now included in the PDF version of the report, unlike its corresponding table TDB10212, previously only available online in the BDS database. The new table TDB10195 on the number of bank branches by municipality has been included in the BDS database but not in the report in PDF format.
- Table TDB20220 (corresponding to table TDB10220 in the Statistical Bulletin) gives the total number of employees per 100,000 inhabitants, at regional and national level.
- Table TDB10219, previously included in the Statistical Bulletin and broken down by province, was discontinued as of 31 December 2015, and, starting from the data at end-2015, was replaced with table TDB10225 on the number of employees by geographical area and bank size.
- Two new tables were created, both relating to the number of employees: table TDB10222, broken down by geographical area and type of bank, and table TDB10227, broken down by province for all banks combined.
- Tables TDB20210, TDB20225 and TDB20230 replace their quarterly equivalents TDB40210, TDB40225 and TDB40230, previously included in the Statistical Bulletin.

The data on the number of branches provided in the report on *Banks and Financial Institutions: Branch Network* differ from those published at a given moment in the Supervisory Registers and Lists, because the latter are continuously updated while the data in the BDS are static. To download the full list of Italian bank branches for a given period, log on to the [Supervisory Registers and Lists](#) web page and click on 'Branches'. For the most recent list, click on 'Download Page'.

For the conversion between the old and new coding of the tables, see [Banks and Financial Institutions: Branch Network - new codes](#).

(2) On 13 May 2016, following the reform of Title V of the Consolidated Law on Banking enacted through Legislative Decree 141/2010, the financial companies operating under Articles 106 and 107 of the old version of the aforementioned law were merged into the new Single Register, and the old specialized registers were discontinued.
