## **Notice to readers**

Starting from the publication of February 2025, in the Statistical Database (BDS) is published the table [BSIA0100](#) that presents the aggregated quarterly statistical balance sheet of insurance corporations resident in Italy. Data, published starting from the reference date of December 2018, are produced on the basis of individual non-consolidated supervisory data collected by the Institute for the Supervision of Insurance (IVASS). For the details see the "[Methods and Sources: Methodological Notes](#)".

Please note that, starting from April 2025, the publication in this report and in the Statistical Database (BDS) of the table QMTS0200 presenting monthly data on the average residual maturity and the duration of the government securities listed on the MTS market will be discontinued.
