### **1. Introduction**

This survey is conducted every three months by Gruppo CLAS S.p.A. on behalf of the Bank of Italy, Tecnoborsa (Chamber of Commerce organization for the development and regulation of the housing sector) and the Osservatorio del Mercato Immobiliare of the Italian Revenue Agency, in order to gather information on the residential housing market in Italy.

At the beginning of each section you will find instructions to help you answer the questions. The questionnaire is divided into four sections: (A) the trend in residential housing sales; (B) prices; (C) the short-term outlook; and (D) the rental market.

Most of the questions ask for an opinion and only a few require a numerical estimate.

**The questionnaire is addressed to real-estate agents and individual property consultants able to provide information regarding the activity of the office as a whole.**

The report containing the results of the previous edition of the survey can be downloaded from:
