## BANK OF ITALY – TECNOBORSA – OSSERVATORIO DEL MERCATO IMMOBILIARE SURVEY OF REAL-ESTATE AGENTS ON THE ITALIAN HOUSING MARKET

## October 2019

Name of respondent		
Tel	Fax	_E-Mail

## 1. Introduction

This survey is conducted every three months by Gruppo Questlab. on behalf of the Bank of Italy, Tecnoborsa (Chamber of Commerce organization for the development and regulation of the housing sector) and the Osservatorio del Mercato Immobiliare of the Italian Revenue Agency, in order to gather information on the residential housing market in Italy.

At the beginning of each section you will find instructions to help you answer the questions. The questionnaire is divided into four sections: (A) the trend in residential housing sales; (B) prices; (C) the short-term outlook; and (D) the rental market.

Most of the questions ask for an opinion and only a few require a numerical estimate.

The questionnaire is addressed to real-estate agents and individual property consultants able to provide information regarding the activity of the office as a whole.

The report containing the results of the previous edition of the survey can be downloaded from: <a href="https://www.bancaditalia.it/pubblicazioni/sondaggio-abitazioni/index.html?com.dotmarketing.htmlpage.language=1">https://www.bancaditalia.it/pubblicazioni/sondaggio-abitazioni/index.html?com.dotmarketing.htmlpage.language=1</a>

## 2. General instructions

- When asked to give a percentage change, please enter the sign (+ for an increase; for a decrease) in the first box on the left.
- Your answers must refer to situations or changes in the quarter **July-September 2019** (unless otherwise indicated).
- When answering refer **only to housing units** and ignore any other units (garage, storage space, etc.).
